

# **TRACTOR HYDRAULIC FLUID**

## **Super Universal Tractor Fluid -Plus Multi-Purpose Tractor & Hydraulic Transmission Oil / JD-20 Tractor Hydraulic Fluid**

(1/24/2012 edition)

**VALUETECH Super Universal Tractor Fluid – Plus** is a new and improved universal tractor fluid that has world-wide credentials. It is designed for use in all kinds of farm equipment, off-highway machinery, industrial tractors, final drives, power take-off units, wet brakes, power steering units and hydraulic systems. New and state-of-the-art chemistry combined with high quality base stocks and extremely shear-stable viscosity modifiers offer a performance level that agriculture and industrial users have not seen before. This fluid is suitable for use in all major OEM equipment including but not limited to Kubota, Oliver, Minneapolis-Moline, International Harvester, White Farm, John Deere, Deutz-Allis Chalmers, Ford-New Holland, J.I. Case and Massey Ferguson. This new and improved fluid offers the convenience of using one tractor fluid in place of two or more fluids while maintaining optimum component performance and durability.

**VALUETECH Multi-Purpose Tractor & Hydraulic Transmission Oil / JD-20** is ValueTech's mid-range multipurpose tractor fluid. It is the perfect fluid for agriculture, industrial off-road and other construction equipment requiring a multipurpose tractor fluid but are either older or do not require a fluid quite as robust as ValueTech's Super Universal Tractor Fluid - Plus. ValueTech Multi-Purpose Tractor & Hydraulic Transmission Oil / JD-20, will work well in and is recommended for the majority of the equipment manufactured by the various OEM manufacturers. This product is especially well suited and recommended for use wherever John Deere 303, JD-20 or IH Hy-Tran fluids are specified.

**VALUETECH Tractor Hydraulic Fluid** is ValueTech's entry level universal tractor fluid. It is the perfect economy fluid for agriculture, industrial off-road and other construction equipment requiring universal tractor fluid but are either older or do not require a fluid as robust as either ValueTech's Super Universal Tractor Fluid - Plus or ValueTech's Multi-Purpose Tractor & Hydraulic Transmission Oil / JD-20. ValueTech's Tractor Hydraulic Fluid will work well in and is recommended for the majority of the equipment manufactured by the various OEM manufacturers. This product is especially well suited and recommended for use wherever performance and economy are specified.

*Some performance levels are limited by viscosity grades. Please consult the Value Tech Performance Application Chart, the Value Tech Inspection Data Table for the appropriate Value Tech product or contact your Value Tech District Manager for more complete information and recommendations.*
